ONLINE student Geo-Quiz!

EAGE is eager to announce the first ever ONLINE Geo-Quiz to take place 15 March 2010! This online quiz is open to all EAGE Student Chapter groups to collectively answer all questions, competing to be one of the top 3 student chapter winners.

EAGE will offer the top 3 winning student chapters the opportunity to send 3 of their student members as a team to attend the annual conference and exhibition taking place in Barcelona 14 to 17 June 2010. The winning student teams will be financially supported in attending the Student Conference Programme and more importantly, will take part in the onsite Geo-Quiz competition including 17 other University/student teams competing for excellent prizes!

This is an exciting opportunity for EAGE Student Chapter groups ONLY, therefore if you're interested in creating an EAGE Student Chapter in your University or local student community; the time to get started is now!

EAGE Student Chapters and the online Geo-Quiz are sponsored by the Student Fund
