and Energy*

1 About SES 2015

To meet the challenges of present and future energy demand, the geosciences play an increasingly important role in the sustainable use of the Earth and its resources and in the conservation of our environment. As an association representing a large group of geoscientists, the EAGE wishes to promote the development of applied geoscience and technology with regard to sustainable use of the Earth and its limited resources. This conference & exhibition will bring together multi-disciplinary scientists working on different aspects of Sustainable Earth Science. The main conference themes will be CO² Storage, Geothermal Energy and Deep-Earth Storage. Cross-disciplinary session themes will be encouraged, including monitoring technology, coupled Earth systems modeling, long-term storage integrity, combining renewables, geothermal and CCS, and risk and environmental impact analysis.

We are pleased to announce that all SES 2015 delegates are also invited to visit the 2nd Geomechanics and Energy Workshop. This workshop will be linked to SES2015; by combining the two meetings, we hope to create a strong multi-disciplinary and mutually reinforcing programme. Making the best of the experiences at the SES conferences and the Geomechanics & Energy workshops alike.

6. TERMINATION OF THE EVENT

If the premises where the Event is to be accommodated are destroyed or damaged, or the Event fails to take place as scheduled, or is relocated or interrupted and discontinued, or access to the premises is prevented or interfered with by reason of any strike, lockout, injunction, act of war, act of God, emergency declared by any government agency, or for any other reason, this contract may be terminated by EAGE. In the event of such termination, the sponsor waives any and all damages and claims for damages and agrees that the sole liability of EAGE shall be to return to each sponsor any rental payments received.

7. ASSIGNMENT

EAGE may, without Sponsor's consent, assign this Agreement, including all rights and obligations hereunder, at any time to any of its affiliates or to any entity acquiring substantially all of EAGE's assets. Subject to this Section, this Agreement is binding upon and is for the benefit of the parties and their respective successors and assigns.

8. LIABILITY

In no event shall EAGE be liable to the Sponsor for any direct, indirect, incidental, special, consequential or punitive damages, or any damages whatsoever, resulting from the execution or non-execution of this agreement.

9. PRIORITY POINTS

For every € 1,000 spend on sponsoring, the sponsor will receive 1 point.

Priority points are the property of EAGE and not the property of any exhibiting company; they are rather simply used to determine the order of space selection. Priority points cannot be transferred, sold or assigned. Points can be used for booth allocation for annual exhibitions.

10. GENERAL

EAGE reserves the right to determine the eligibility of any sponsor. EAGE reserves sole control over admission policies. These Rules and Regulations are established for the mutual protection of EAGE and the sponsors. EAGE reserves the right to make such changes in the time schedule or in the general plan of the Event as may be deemed by EAGE to be in the best interests of exhibitors and the Event generally. All matters and questions not covered by these Rules and Regulations are at the discretion of EAGE.

11. APPLICABLE LAW

Any dispute with regard to the conclusion, interpretation or implementation of this agreement or further agreements originating from the same as well as any other dispute related to or in connection with this agreement, either legal or factual, none excluded, shall be settled by the competent court in Utrecht (the Netherlands).

Dutch law is exclusively applicable to this agreement and further agreements originating from the same.
