78th EAGE Conference & Exhibition

VIENNA 2016
Efficient Use of Technology - Unlocking Potential

30 May – 2 June 2016
www.eage.org/event/vienna-2016

Event Report (including statistics)
The 78th EAGE Conference & Exhibition was held in Vienna, Austria from 30 May - 2 June 2016. Once again, the annual event brought together professionals, academia and industry to share their experiences, learn from one another and explore new developments and technologies. Following the positive feedback, we would like to present this report, containing the event highlights and relevant statistics. We would like to thank everyone who participated for making the event a success, and we hope to see you at Paris 2017 (12-15 June 2017).
Conference Activities

The Future of the Oil Industry in Light of the Recent Oil Prices
EAGE Forum
Tuesday 31 May

Moderator J. Murillas (Repsol)
Question Selectors G. Ingram (OMV)
W. Hamilton (OMV)
Forum Members C. Powell (Shell)
H. Meyer (Wintershall)
J.-G. Malcor (CGG)
T. Dodson (Statoil)
L. Bertelli (Eni)

Session for Professional Women in Geoscience and Engineering
Tuesday 31 May

Speakers C. Powell (Shell)
W. Athmer (Schlumberger Stavanger Research)

Session for Young Professionals
Wednesday 1 June

Speakers M. Brouwer (Shell)
M. Kemper (Ikon Science)

The Black Sea - Regional Focus
Executive Session
Wednesday 1 June

Chairmen J.J. Martin Bañon (Repsol)
G. Tari (OMV Upstream)
Speakers G. Ingram (OMV)
G. Ionescu (OMV Petrom)
J. Konstanty (Shell)
S. Weltmer (ExxonMobil)
G. Tatishvili (National Agency for Oil and Gas)

Unconventionals Outside North America
Executive Session
Thursday 2 June

Chairmen B. Glover (MOL)
R. Culpan (Wintershall)
Speakers C. Rizzi (Eni)
M. Rodgers (Makk Energy Ltd.)
J. Soldo (YPF)
Y. Schavemaker (TNO)
C. Gong (Sinopec)

Technical programme
The three day technical programme encompassed a variety of topics. In over 900 presentations and over 360 e-Poster presentations the presenters shared their insights, knowledge, and new techniques. We received positive feedback from participants on the quality of the technical programme which was offered at Vienna 2016.

Student programme
EAGE highly values the participation and input of students, and provides them with the opportunity to gain knowledge, skills and contacts to pursue a career in the geosciences and engineering industry. The student programme at Vienna, aimed at achieving these goals, was a great success. The activities, amongst which special poster presentations and a networking café, were well attended and the students proved to be very active and engaging on the exhibition floor.
Exhibition Activities

International Prospect Centre
This year marked the third International Prospect Centre. 14 participants, including licensing agencies and National Oil Companies from around the world promoted their exploration and investment opportunities, informed the industry on current and new exploration activities and announced licensing rounds.

Icebreaker reception
On Monday evening, the grand opening of the exhibition started off the event in a festive manner. Participants were able to visit the exhibition floor and network in an informal setting, whilst enjoying delicious food and drinks.

Exhibition Services
Delegates were able to start their day at the exhibition with our Daily Breakfast service. During the day, they could enjoy a quality coffee at one of the coffee plazas while engaging with peers, or making use of the free wifi. The perfect closure of the day was offered by the Daily Afternoon Drinks.

Special Interest Areas
Consultancy Area | Learning Geoscience Area | University Area | International Prospect Centre

EAGE Areas
EAGE Pavilion & Bookshop | Career Advice Center | Communities Corner | Student Court | EAGE Regional Booth

About EAGE

The European Association of Geoscientists and Engineers (EAGE) is a global professional, not-for-profit association for geoscientists and engineers with more than 19,000 members worldwide. Their objective is to collect and distribute technical knowledge. It provides a global network of commercial and academic professionals to all members. The association is truly multi-disciplinary and international in form and pursuits. All members of EAGE are professionally involved in (or studying) geophysics, petroleum exploration, geology, reservoir engineering, mining and mineral exploration, civil engineering, tunneling and environmental matters. EAGE’s head office is located in the Netherlands with regional offices in Houten, Moscow, Dubai, Kuala Lumpur and Bogota.

EAGE organizes the following activities:
1. Conferences & Exhibitions
2. Workshops & Symposia
3. Educational Programmes
4. Student and Young Professionals Activities
5. Publications

Upcoming EAGE Annual Conference & Exhibition:

The 79th EAGE Conference & Exhibition will be held in Paris, France from 12-15 June 2017.

PARIS 2017
12-15 June 2017 | Paris expo Porte de Versailles
