GENERAL INFORMATION

EAGE

The European Association of Geoscientists and Engineers (EAGE) is a global professional, non-profit association for geoscientists and engineers with 19,000 members worldwide. The objective is to collect and distribute technical knowledge. EAGE organizes events and publishes a monthly magazine for its members and 5 scientific journals. All members of EAGE are professionally involved in (or studying) geophysics, petroleum exploration, geology, reservoir engineering, mining and mineral exploration, civil engineering, tunneling and environmental matters. EAGE’s head office is located in the Netherlands with regional offices in Moscow, Dubai, Kuala Lumpur and Bogota.
ABOUT THE CONFERENCE

The EAGE Reservoir Geoscience Conference aims to present and discuss with the subsurface community of the Oil and Gas industry, results of the most recent multi-disciplinary and integrated studies, analyses, state-of-the-art technological innovations, and case histories related to reservoir geoscience.

The focus of the conference will be on the collaboration of various reservoir disciplines and analysis, including but not limited to integration of geoscience with engineering, well works, drilling, operating facilities, project management, and cost and risk analysis.

Interactive oral and poster sessions will cover all relevant subjects, studies and recent technology applications and innovations including (but not limited to) the following specifically related to the Asia Pacific region:

- Borehole Geophysics, including Distributary Acoustic Sensing
- Geochemistry and Petroleum System Modelling
- Geomechanics and Pore-Pressure Prediction
- Integrated Reservoir Characterization and Management
- Machine Learning in Reservoir Property Prediction
- Multi-Physics Applications
- Non-Seismic Methods and Applications
- Petrophysics and Rock Physics
- Production Geoscience and Operations Geology
- Project Uncertainty, Risk and Economic Assessment
- Regional and Play-Based Reservoir Evaluation
- Reserve Estimation and Uncertainty Analysis
- Seismic Acquisition, Processing and Imaging
- Structure, Stratigraphy and Sedimentary Analysis
- Unconventional Resources

SPONSORING OPPORTUNITIES

With an array of unique promotional opportunities, we can help you design the perfect programme to enhance your company’s experience at the EAGE Conference on Reservoir Geoscience. The Main Sponsor Programme exposes attendees and businesses to your company and promotes your presence within the industry. EAGE strives to realize recognition, long term exposure, benefits and publicity for companies that sponsor EAGE conferences.

WHY BECOME A SPONSOR

When you’re a corporate sponsor you get high visibility in a qualitative and uncluttered environment that makes your message stand out. We are synonymous with quality, and proven track records in the past. The conference programme offers a diverse menu that’s sure to help you reach your target audience.

Sponsoring will enable you to:
• Increase your visibility before an international audience
• Enhance your corporate image
• Reach an influential, exclusive audience
• Break through the media clutter
• Associate your company with EAGE – World’s truly multi-disciplinary geosciences society

Please note that sponsoring opportunities are not restricted to packages in this guide. We would be delighted to explore ideas to fit your budget.
MAIN SPONSORS

The Main Sponsor Programme exposes attendees and businesses to your company and promotes your presence within the industry. Main sponsor packages include Platinum and Gold sponsorship options.

ADDITIONAL EXPOSURE

EAGE has a number of other products to promote your company.

Advertising
EAGE offers a variety of advertising possibilities related this event. These special topics include, but are not limited to: Reservoir Monitoring, Reservoir Geoscience and Engineering and Passive Seismic. We have multiple options to further promote your company through our First Break issues. Advertising starts from € 725,- and is designed to create a high attention value of your presence at relevant EAGE events.

Institutional Subscription to EarthDoc
Did you know that EarthDoc, EAGE’s online Geoscience database contains more than 5,000 papers about Mathematics of Oil Recovery, with in total over 63,000 event papers and journal articles?

With an institutional subscription you will have access to papers submitted for our events.
